New Years Day in Gallipolis was one of those gloomy, rainy days poorly calculated to refreshen humanity for the labors of a new year. But little business was done, and but few were on the streets. Some of our ladies received company during the day, and were favored with several calls. In nearly every instance cakes, custards and kickshaws were served without limit. It is not for us to particularize as to who had the finest table, they all being so good the distinction is too fine for the discrimination of our unenlightened taste. May they live all ways to keep open houses on New Years Day.

ACCIDENTS.—On New Years day a colored boy by the name of NELSON, living with Mr. ROMAN MENAGER, discharged a pistol which was loaded with a paper wad into the palm of his hand. The muzzle of the pistol was close to the hand at the moment, and consequently the flesh was nearly all stripped from the inside of the hand, exposing the tendons. Dr. NEWTON dressed the wound, and the sufferer will recover. TREAT, a young son of Mr. D. S. Ford, while playing with a loaded toy cannon, which discharged prematurely, had his face badly burned with powder. Beyond these we heard of no accidents.

We were shown this week two specimen copies of our County Map, made by Wm. H. GRIFFITH, Jr., one drawn to a two-inch scale, the other to a one inch scale to the mile. The Map represents the names of all landowners, with the bounding lines of their respective farms, the number of acres each farmer owns, the section, fraction, lot, and township it may be in, together with the creeks, post-roads, and plats of all villages in the county. The whole is delineated in a complete manner. We are of opinion that the one inch scale map would suit the requirements of our citizens far better than the larger one, for the following reasons: It will occupy less room on the walls of our offices, is quite as intelligible, having the same amount of information delineated upon it, can be sold to our citizens for four dollars per copy less than the larger one, and compared with the Washington County Map to be seen at present at the Auditor's office, made also on about the same scale, we have no reasons to be dissatisfied with the work.

A correct county map we have for a long time wanted, and are glad that our wants may shortly be supplied.

The new brass instruments for the band—GATES' patent—have been received. Their peculiarity consists in the addition of the fourth valve, which is operated by the left hand, and which, it is believed, will give the player greater latitude in rendering difficult pieces. We shall have more to say about them after they have been fully tested.

Election of Officers. Chickamauga tribe No. 44, Im proved order of Red Men—P. P. Pritchett, S. E. L. Gills, S. S. J. P. Minton, J. R. F. J. Zebring, C. R. R. M. Cochran, K. W. C. H. McCormick, P.

Golden Cross Encampment No. 103, I. O. O. F.—D. S. Ford, C. P. D. Calahan, H. P. H. B. Gentry, S. W. Chas. Westlake, J. W. F. J. Zebring, S. J. A. Hamilton, T. A. Lodge No. 156, I. O. O. F.—W. C. Hayward, N. G. H. B. Gentry, V. G. W. Wheatley, Sec'y; John A. Vanden, Treasurer.

This is the week of prayer of christian people throughout the United States. The churches in our city observe it. The following is the plan for the balance of the week:

Wednesday, Jan. 7.—Prayer for families; home and parental influence; sons and daughters; the absent; the sick; the erring; inmates of prisons; all educational institutions. Ps. cxv. 12, 14, 17, 19, 20, 21, 22.

Thursday, Jan. 8.—Prayer for nations; for peace among men; for public virtue and righteousness; for the banishment of intemperance, dishonesty, infidelity, and superstition, and for the diffusion of pure and Christian literature. Is. lv. 17, 19.

Friday, Jan. 9.—Prayer for the evangelization of all nominally Christian countries; for the conversion of Israel; for security for missionaries; for the spread of the Gospel in Mohammedan and heathen countries; for the conversion of the world to Christ. Ps. lxxviii. 31; Heb. xiii. 13.

Saturday, Jan. 10.—Prayer for the Christian ministry; for Sunday schools; for revivals. Matt. ix. 38; Deut. iv. 9; Hab. ii. 3.

Sunday, Jan. 11.—Sermons—Subject: Christ's Kingdom universal and everlasting. Psa. xlviii. 1, 2.

A correspondent at Salem Center, Meigs county, after speaking of his enclosed subscription for the Journal, says: "If you have not yet discovered the cause of the falling off in the enumeration of School youth of Gallia county, I would suggest that perhaps it is owing to the change in the School Law, which now leaves out all under six years of age; under the old law all between five and twenty-one were included. [If those taking the several enumerations knew of the change, this will account for the decrease.]

Mr. J. F. DAVIS, of this township, killed a porker which weighed 517 lb. dressed, and sold it at 6 cts. per lb. in Middleport, this fall. "I have read the JOURNAL for a year now, and like it better than most county papers." C. F.

The Punctilio of Decorum. And it came to pass that on last Friday night two of those fair and fragile creatures, the price of whose beauty does not rate at panic prices, sampled unalloyed usquebaugh too extensively, and came down on the upper end of the city. They drew nigh, deployed, and finally cast all the stones within convenient distance through the windows thereof. After having settled the ship they withdrew in haste. But the police, those vigilant custodians of the public peace, hearing of them, came apace and drew near. The sweet creatures wist not that the police were in that section, until they were close at hand, when they started to run. Those mighty men of valor were not to be beaten by a foot-rose, and pursued after them even unto the wilderness. When delivered unto their hands they (the girls) were uncommonly drunk. This was when the mighty men encompassed them (literally, me mean), and carried them to the lock up. Two dollars fine, each, the next morning.

On Monday evening a boy by the name of WILLIAM SMITH was sent to jail from Cheshire township, charged with attempting to break into the store of L. W. MAUCK & Co., in Cheshire.

The preliminary examination was held before Squire STUMES, and we hear that the evidence against him is not very strong. The boy, aged about seventeen, says he was at a dance on the night of the breaking (Friday night), and was not in Cheshire only in the early part of the evening. The boy does not appear hardened, but rather honest and outspoken.

On Tuesday evening the Odd Fellows of our city gave an open installation of officers, and Festival in Aleshire Hall. Grand Master KINCADIE, of Cincinnati, officiated in the installation. The supper spread was excellent in quality and quantity. The Hall was crowded, and standing room was almost a luxury impossibility. We have no space to say more.

No mail arrived this (Wednesday) morning. Heavy rains account for it. The river here is rising rapidly.
